Defect description:

Please choose the requested service level:

- Functional test (recommended every 3 years) CHF 42.--
- Repair to level 1 CHF 80.--
- Repair to level 2 **during** the 5 year warranty CHF 240.--

Repair to level 2 **after** the 5 year warranty. Please send me an offer.

Further procedure if the repair work is more expensive than the chosen service level above or if the device is not anymore repairable:

- I do not want the beacon to be repaired (disposal is free)
- The device has to be returned without repair (we have to charge CHF 32.-- for the diagnosis).

Handling within 10 working days after receipt of the device is guaranteed.
 All prices excluding VAT. CHF 12.-- will be charged for shipping (Switzerland only). Payment within 30 days.

Service levels:

Functional test:

Visual and mechanical check. Check of all functions with service-tester, check of technical specifications with inspection report. Emergency rescue plan sticker will be replaced if necessary.

Repair level 1:

Functional test plus replacement of peripheral components (without opening the case): ON/OFF switch, cover of battery compartment, wrist strap, battery contacts (if necessary).

Repair level 2 (during the 5 year warranty):

Exchange with a brand new device with a 5 year warranty.

Warranty on repaired devices (repair level 1 only):

A warranty of six months is provided on replaced parts. Any additional warranties and any liability for consequential damages are explicitly excluded. Warranty claims can only be accepted if the beacon is sent for repair together with the purchase receipt.
